## Hair Removal

We are proud to offer Nufree Nudesse as our primary epilating product. Nufree Nudesse is a soy based product which stays at a constant 98.6 degrees. This reduces the discomfort and redness for even the most sensitive skin types. The natural estrogens in this product also help to slow down and retard new hair growth. + All listed prices are averages and may vary at the technician's discretion based upon hair density and product use.
